AESTHETIC TREATMENT PRACTICE

This category recognises the efforts of an entire team, from procedure to aftercare, focusing on the practice environment as well as clinical outcomes achieved and patient satisfaction.

Entries in this category will be accepted from practices only (not individuals). Judges will be looking at the submission in its entirety and assessing the overall picture it paints of your practice rather than concentrating on individual elements. However, failure to address any of the criteria set out below may negatively impact your submission.

Entries should consist of a portfolio of information, including submission of at least one case and supporting notes. Send up to 1,200 words explaining why your practice is a contender for Aesthetic Treatment Practice. Focus on the following:

The practice: the history, location, the appearance, feel and branding. How is a practice culture of excellence attained, both clinically and organisationally?

The staff: who is there, what is their area of interest, what is their training and experience? How has practice investment in training and equipment benefited patients and aesthetic outcomes?

The marketing: how do you attract the patients who are interested in dental aesthetics? (Examples of marketing materials should be included if available)

The patient experience: what does your practice do to make the patient experience unique, from start to finish? How are people put at ease? How are treatment options explained?

The team: how does everyone work together to make sure that the patient receives the best results as efficiently as possible?

Clinical before and after photos: provide high-resolution before and after clinical photographs to show clinically excellent results

Additional photography: the practice, the team etc. Please also provide one report of a case that you feel is exemplary (up to 1,000 words). This should detail the treatment carried out – the patient's presentation, diagnosis, treatment planning and treatment execution, and specifically include a discussion of how the case was treated as effectively as possible.

YOUNG AESTHETIC DENTIST

This category is open to those born on or after 31 August 1988. Applicants should send up to 1,000 words explaining why they are a contender for an award through any, or a combination, of the following:

- Demonstrate hard work and drive; show achievement in your career to date
- Explain how you set yourself apart from other young aesthetic dentists
- Present postgraduate training/development information if relevant
- Provide evidence of how you go beyond the regular duty of care
- Provide any other supporting evidence and pictures you feel are relevant
- Provide a portfolio of high-resolution outstanding before and after clinical photographs.

Please also provide one report of a case that you feel is exemplary (up to 1,000 words). This should detail the treatment carried out – the patient's presentation, diagnosis, treatment planning and treatment execution, and specifically include a discussion of how the case was treated as effectively as possible.

AESTHETIC LABORATORY

This category recognises the efforts of an entire team. Entries in this category will be accepted from laboratories only (not individuals). Judges will be looking at the submission in its entirety and assessing the overall picture it paints of your laboratory rather than concentrating on individual elements. However, failure to address any of the criteria set out below may negatively impact your submission.

Entries should consist of a portfolio of information, including submission of at least one case and supporting notes. Send up to 1,000 words explaining why your laboratory is a contender for Aesthetic Laboratory. Focus on the following:

The laboratory: the history, location, the appearance, feel and branding. How is a culture of excellence attained, both clinically and organisationally? What technology do you use? How you maintain consistent high standards of work throughout the laboratory?

The staff: who is there, what specialist skills do you have at the laboratory, what is their training and experience?

How has laboratory investment in training and equipment benefited outcomes?

The marketing: how do you attract the patients and dentists? (Examples of marketing materials should be included if available)

Customer satisfaction: what makes your laboratory so successful in its communication? Show evidence of customer satisfaction

Additional photography: the laboratory, the team, high-resolution before and after clinical photographs etc.

Please also provide one report of a case that you feel is exemplary (up to 1,000 words). This should detail the treatment carried out – the patient’s presentation, diagnosis, treatment planning and treatment execution, and specifically include a discussion of how calibre materials and technology were used to maximise work quality. Submit photographs of stages of laboratory work if appropriate.

Provide any supporting documentation, marketing information and pictures that you feel are relevant.

This should detail the treatment carried out – the patient’s presentation, diagnosis, treatment planning and treatment execution, and specifically include a discussion of how the case was treated as effectively as possible.

IMPLANT: SINGLE TOOTH

This category is for dentists and/or technicians. Please anonymise your entry for this category. Include a covering letter listing the names of all clinicians involved in treatment, such as the surgical and restorative stages. If a dentist is entering alone, the technician should be named on the covering letter – both the dentist and technician will be awarded. Send up to 1,200 words detailing:

- The treatment, which involved replacement of one anterior tooth using implants to support the restoration. This can include immediate/delayed placement and/or immediate/delayed loading. Other

treatment may have been carried out, but the major change will result from the implant therapy.

IMPLANT: MULTIPLE TEETH

This category is for dentists and/or technicians. Please anonymise your entry for this category. Include a covering letter listing the names of all clinicians involved in treatment, such as the surgical and restorative stages. If a dentist is entering alone, the technician should be named on the covering letter – both the dentist and technician will be awarded. Send up to 1,200 words detailing:

- The treatment, which involved replacement of multiple teeth using implants to support the restoration (this may be a small anterior bridge or two adjacent implants). Excludes full arches
- This can include immediate/delayed placement and/or immediate/delayed loading
- Other treatment may have been carried out, but the major change will result from the implant therapy.

IMPLANT: INTERDISCIPLINARY TEAM

This category is for all members of the team – dentists, surgeons, technicians and other clinicians as appropriate to the treatment undertaken. All team members included in the entry will be awarded. Please anonymise your entry for this category. Include a covering letter listing the names of all clinicians involved in treatment. Send up to 1,200 words detailing:

- The treatment should be carried out by more than one clinician, working as a team. The implant surgeon and other clinicians must be different individuals
- The treatment must involve the placement of dental implant/s. Other treatment should also have been carried out, depending on the case. This can include (but is not limited to) orthodontics/orthognathic surgery or endodontic treatment – but the major change in the smile should be underpinned by the implant surgery and restoration.
